50c each; \$5.00 per doz.

Postpaid in First and Second Zones

RED HYBRID TEAS

CYNTHIA—This variety is best described as an improved Charles P. Kilham. The attractive buds develop into splendid full flowers of a rich oriental red color. Its free flowering habit and attractive color make it very desirable.

E. G. HILL—This is the most unfading of all red roses. Immense, double flowers of dazzling scarlet shading to a deeper red as they develop; are deliciously fragrant and long lasting when cut. Blooms are produced singly on long vigorous stems.

Etoile de Hollande—The finest dark red rose for general purposes. Ranked among the first three of its color by everyone who knows roses. The beautiful, oval buds are perfect, of medium size, and open into magnificent brilliant red bloom.

GRENOBLE (HT) (C. Mallerin, 1927)—One of the best garden reds. Crimson buds borne on long stems, opening to large, globular, fragrant flowers of brilliant red, almost scarlet.

SOUTHPORT—Flower full, cupped, very lasting, fragrant, a very brilliant, unfading scarlet.

VICTORIA HARRINGTON (HT)—Pointed buds of black-red opening to high-centered flowers of velvety dark red. Strong, healthy plant. A rose of lovely color and quite different from other red varieties.

PINK HYBRID TEAS

DAINTY BESS (Single)—An exceedingly charming and daintily colored rose of perfect form. The broad petals are delicate shell pink which form a beautiful contrast to the conspicuous bunch of crimson stamens.

DAME EDITH HELEN—This variety has wonderful pointed buds which open very slowly to large, full, perfectly formed blooms which hold their color with age and are carried on rigid, erect stems. The color is an even shade of light pink.

EDITH NELLIE PERKINS—An outstanding, vigorous, and free flowering rose. Long, pointed buds of good size. Long lasting; double, fragrant flowers. Orient red, shaded cerise-orange; inside salmon-pink.

EDITOR McFARLAND—Long-pointed pink buds with a glow of amber and a paler edge. Delightful fragrance. Flowers come singly on erect, firm stems, and hold their form and color for days when cut.

PINK DAWN (HT) (Howard & Smith, 1935)—A beautiful new hybrid-tea rose with glorious deep rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous upright habit.

WHITE HYBRID TEAS

CALEDONIA—The most desirable white. Exceptionally long, pointed buds opening to very double, high-centered, long-lasting, large flowers. Continuous bloomer.

FRAU KARL DRUSCHKI—The most popular everblooming white rose. Outer petals of immense buds occasionally tinged with pink; open blooms pure snow-white, large and moderately full.

McGREDY'S IVORY—The size and perfection of form of this wonderful rose are almost unbelievable. The buds are long and pointed, opening to perfectly formed flowers of creamy ivory-white.

ORANGE AND TRI-COLOR HYBRID TEAS

AUTUMN—A distinct color of intense richness. This rose incorporates shades of burnt orange suffused with russet-brown and bronzy red all overlaid on a background of rich yellow. A color combination reminiscent of the most glorious autumnal foliage.

CONDESSA DE SASTAGO—You will admire the brilliant colors of this new double rose from sunny Spain. The bud is like a ball of gold with red stripes. Fully open it is fiery copper and rich gold. It likes heat, doing its best in midsummer.

TESTED AND PROVED NOVELTY

ANGELS MATEU (HT) (P. Dot, 1934) (Plant Patent No. 174)—This is one of the most appealingly lovely of all the roses produced by the great Spanish rose hybridizer, Pedro Dot. Orange-rose—almost the color of coral from the south seas. The blooms are large and have a delicious fragrance like ripe raspberries. **\$1.00 each, 3 for \$2.50.**

CHARLOTTE ARMSTRONG (HT) (Armstrong 1941) (Patent rights reserved)—A rose of surpassing beauty. Long slender, blood-red buds opening to magnificent flowers of spectrum-red in cool weather and cerise in hot weather. Long-stemmed blooms, ideal for cutting. Vigorous, free-branching with disease resistant foliage. **\$1.50 each, 3 for \$3.75.**

CHRISTOPHER STONE (HT) (H. Robinson, 1935)—Large semi-double vivid scarlet flowers overlaid with velvety crimson. It is unsurpassed for intense damask fragrance. Of vigorous, upright growth with bright green foliage. **75c each, 3 for \$1.90.**

CRIMSON GLORY (HT) (W. Kordes Sons, 1935) (Plant Patent No. 105)—Deep crimson. Among all the other red roses, Crimson Glory is easily recognized by its large buds of typical urn-shape which open into full, well-formed, delightfully fragrant blooms of a deep vivid crimson, shaded ox-blood-red, and finished with a velvety nap. **\$1.25 each, 3 for \$3.15.**

CLIMBING MRS. SAM McGREDY (Cl.) (Western Rose Co.) (Patent applied for)—A climbing sport of the well known hybrid tea, Mrs. Sam McGredy. Flowers are of a beautiful copper-orange color, flushed with Lincoln red on the outside of the petals; delicately perfumed. **\$1.25 each, 3 for \$3.15.**

MME. HENRI GUILLOT (HT) (C. Mallerin, 1937) (Plant Patent No. 337)—A strikingly colored rose of a deep pink, beautifully formed. Large urn-shaped buds open to camellia-like blooms, about 5 inches across, watermelon to raspberry-pink in color. **\$1.25 each, 3 for \$3.15.**

PICTURE

DAINTY BESS

YELLOW

HINRICH GAEDE—This magnificent rose has beautiful long, pointed buds of a brilliant nasturtium red color. The flowers are large, double, high-centered, and of a highly artistic shape. The color is rich luminous vermillion shaded with golden yellow such as is found in our high-colored modern zinnias.

MME. JOSEPH PERRAUD (HT) (Gaujard, 1934)—Long, slender, and pointed nasturtium-orange buds open to sweetly fragrant flowers of a charming nasturtium buff straying to a lovely shade of shell pink at the petal edges—the nearest approach to a pure buff lightened with pink at the petal margins.

MRS. SAM MCGREDY — Large, long pointed buds are produced singly on strong, slender stems. The color is a glowing combination of red, copper and orange, changing to warm pink suffused with gold as the flower ages. Vigorous, healthy plant.

PRES. H. HOOVER—A wonderful multi-colored rose, charmingly combining many shades of cerise-pink, flame, scarlet and yellow. The buds, borne upright on strong stems, are long and pointed, and possessing a most exquisite fragrance.

TALISMAN—A vividly colored rose of an unusual combination of gold, apricot, pink and carmine in mingled splashes, streaks and blends. Flowers fairly double, borne on long stems.

YELLOW HYBRID TEAS

GOLDEN DAWN—An Australian rose of vigorous growth and continuous bloomer. The oval buds are rich straw-yellow, flushed old-rose, opening into splendid double, sweetly scented flowers of sunflower-yellow.

GOLDEN RAPTURE—A splendid new yellow rose of upright growth. The pure yellow buds are of ideal form. Beautiful, large, double flowers which last without fading. A splendid variety for cutting and for bedding.

JOANNA HILL—The exquisitely formed long buds are orange-yellow, extremely fragrant. The open blooms are somewhat lighter. The texture of the petals is not injured by the weather.

MRS. P. S. DUPONT — Winner of more gold medals for outdoor blooms than any other rose ever grown. Buds are small but exquisitely formed and of a reddish gold, opening into beautiful flowers.

MCGREDY'S YELLOW (HT) (McGredy, 1933)—Large, bright buttercup yellow flowers, every bloom of which is perfect form and sweetly scented. The foliage is glossy and free of disease in most localities. The fine bush is full of vigor, continually sending out fine blooms. Stands heat well.

SISTER THERESE—Buds are long, dark golden yellow and remarkably beautiful. Sweetbriar fragrance.

CLIMBERS

ETOILE DE HOLLANDE (HT)—Ranked among the first three of its color by everyone who knows roses. The beautiful, oval buds are perfect, of medium size, and open into magnificent brilliant red blooms.

MME. CECILE BRUNNER (P)—A vigorous climber which is very popular. A persistent bloomer, flowers perfectly double, exquisitely formed but tiny and borne in clusters. The color is a salmon-pink shading deeper toward the center. Dense handsome foliage.

PAUL'S SCARLET—The semi-double flowers are of good size and of a vivid scarlet-red color, fading but little. Freely produced in clusters on much branched canes. It is perfectly hardy.

PRES. H. HOOVER (HT)—A wonderful multi-colored rose, charmingly combining many shades of cerise-pink, flame, scarlet and yellow.

REVEIL DIJONNAIS (LC)—For sheer brilliancy of coloring this is probably one of the most outstanding climbers ever introduced. Large, semi-double flowers of light yellow with a deep zone of cerise-pink around the edges, creating the effect of a deep pink rose with a great yellow center.

TALISMAN (HT)—This is destined to be a most popular climbing rose. Flowers are the same wonderful color and lovely form as the bush variety.

POLYANTHA

MME. CECILE BRUNNER—A persistent bloomer, flowers perfectly double, exquisitely formed but tiny and borne in clusters. The color is a salmon-pink shading deeper toward the center. Dense handsome foliage.

VELVET AND PATENTED ROSES

PICTURE (HT) (McGredy, 1932)—Well shaped buds and medium-sized fragrant, rose-pink flowers. Strong, vigorous plants almost constantly in flower. A true picture of loveliness. **75c each, 3 for \$1.90.**

R. M. S. QUEEN MARY (HT) (Verschuren, 1937) (Plant Patent No. 249)—This rose is beautiful beyond description—distinct from anything yet seen in roses. Its color is a glorious combination of vivid shades blending rich glowing salmon with an exquisite pure pink and orange base. The buds are long and pointed. The flowers are very fragrant. **\$1.25 each, 3 for \$3.15.**

RUTH ALEXANDER (LC) (Rena Wilber, 1937) (Plant Patent No. 178)—A beautiful intensely fragrant climber. Large, long-pointed buds of vermillion-orange. The flowers are large, high centered, jonquil-yellow at the base merging into orange, and the tips of petals are old rose when mature. Glossy foliage. **\$1.25 each, 3 for \$3.15.**

SEQUOIA (HT) (J. Verschuren-Pechtold, 1939)—A vigorous upright-growing rose on the type of Heinrich Wendland. Ripe pumpkin-flesh blooms suffused with apricot and shading lighter at the petal edges. Very free blooming. At its best when fully opened. **\$1.25 each, 3 for \$3.15.**

STERLING (HT) (E. H. Hill, 1933) (Plant Patent No. 21)—A cross of an unnamed seedling and Madam Butterfly. It is striking pink in color like Killarney Brilliant, increasing its attractiveness with a yellow base. Long pointed buds opening to a well-formed flower. **\$1.00 each, 3 for \$2.50.**

TEXAS CENTENNIAL (HT) (Dixie Rose Nursery, 1935) (Plant Patent No. 162)—Blood-red. A sport of the rose President Herbert Hoover with the same type of growth and exquisite flower. Different only in color which is rich blood-red, toning to cerise-red in center. **75c each, 3 for \$1.90.**
